

Dear EAAP members and partners!

The International Summer School on Aviation Psychology (ISAP'21) celebrates its 10th anniversary and once again is organised by the AAPA team and the university of Graz (Austria) in cooperation with the German Aviation Psychology Association, the European Aviation Maintenance Training Committee (EAMTC) and InfoWERK Systems. The 3 days of ISAP'21 are recognised as half a course towards EAAP accreditation.

Themed at Innovative transport systems and passenger demands ISAP'21 this year focuses on integrated transport and maintenance concepts and their relevance for aviation psychologists and human factors specialists.

For the final program and registration please go to the AAPA website: <https://aapa.or.at/de/ISAP21>

Regards,

Michaela

Dr. Michaela Schwarz
